## PORTABLE GENERATOR PACKAGES

### **7000W GENERATOR \$2,499.00**

**Champion 7,850 Watt Max and 6,250 Watt Running Power**

- 3 Year Limited Manufacturer Warranty
- Dual Fuel Capability (propane/gasoline)
- 10 Hours of Run Time at 50% Load (per tank)
- 6 Gallon Fuel Tank
- Manual Start

**All necessary components to tie generator into the main electrical panel per code to include:**

- 20' 30 Amp Rated Cord From Generator to New Inlet
- 30 Amp Generator Inlet Set Under or Behind Electrical Panel
- Code required mechanical interlock for generator inlet on existing main panel. This protects against "back feeding" the utility lines creating a potentially fatal situation for high voltage workers during an outage.
- Setup and Training Of All New Equipment

### **10,000W GENERATOR \$3,199.00**

**Firman 10,000 Watt Max and 8,000 Watt Running Power**

- 3 Year Limited Manufacturer Warranty
- 12 Hours of Run Time at 50% Load (per tank)
- 8 Gallon Fuel Tank
- Dual Fuel capable (gasoline/propane)
- Electric Start With Battery Included, and Back Up Pull Start

**All necessary components to tie generator into the main electrical panel per code to include:**

- 10' 50 Amp Rated Cord From Generator to New Inlet
- 50 Amp Generator Inlet Set Under or Behind Electrical Panel
- Code required mechanical interlock for generator inlet on existing main panel. This protects against "back feeding" the utility lines creating a potentially fatal situation for high voltage workers during an outage.
